

Name: Sponsor A Child Program

Purpose: To allow children into our recreational programs whose parents may not have the means to pay the Town's recreational program fees.

Procedure: All inquiries or requests shall be directed to the Recreation Director. Based upon available funding, a decision will be made to grant or not grant funding for the purpose of paying recreational program fees on behalf of the participating child.

So that the intent of this program is not lost with proof of financial means, the town acknowledges the program's success is based upon the program's simplicity, which means there will be a large degree of subjectivity and discretion by the Recreation Director. To that end, all decisions by the Recreation Director are final.

Donations: Donations made to this fund will be used exclusively for paying registration fees for children whose parents (guardians) do not have the means to afford.
